INSTITUTE

INSTITUT  
ONTARIEN  
DU CERVEAU

## WELCOME TO BRAIN CENTRAL

The Ontario Brain Institute is a provincially funded, not-for-profit organization that accelerates discovery and innovation, benefiting both patients and the economy. Our collaborative 'team science' approach promotes brain research, commercialization and care by connecting researchers, clinicians, industry, patients, and their advocates to improve the lives of those living with brain disorders.

**240** RESEARCHERS  
& CLINICIANS

**35** INSTITUTIONS  
SHARING DATA

**77** PORTFOLIO

**\$200m** NEW INVESTMENTS  
INTO ONTARIO

### COLLABORATIVE RESEARCH

OBI is an active partner in the funding, fielding and dissemination of research. We champion high impact research programs to accelerate innovation with the goal of better patient outcomes.

### ADVANCED DATA SHARING

Advanced data management, sharing and analytics, through the development and use of a state-of-the-art large scale informatics platform. OBI's **Brain-CODE** is a "shared brain" for all researchers.

### COMMERCIAL INNOVATION

OBI partners with research and industry to facilitate commercialization and application of brain-related technologies. Through access to funding and support, OBI and its partners have created a track-record of success in nurturing and accelerating neurotech innovation.

### CONNECTED CARE

A focus on impact, means improving the lives of those affected by brain disorders. OBI creates new connections between patient groups, researchers, clinicians and other stakeholders, benefiting patients today and for generations to come.
