

Advocacy letter for school file

My name is and I am a parent of who is now years old . As you can see in your documents, is diagnosed with Before I start explaining challenges and needs caused by diagnosis, let me tell you first how wonderful is using my documents! These documents are attached. Let me te you about abilities. At this time I will use a strengths-based approach, applying the 'F-words' for Child Development. These are grounded in the World Health Organization's International Classification of Functioning, Disability and Health (the ICF). The 'F-words' for Child Development are described in a published paper written by CanChild's Drs. Rosenbaum and Gorter, titled: "The 'F-words' in Childhood Disability: I swear this is how we should think!" These six F-words, that the authors state should be the focus in all discussions about childhood disability, are: Functioning, Family, Fitness, Fun, Friends, and Future. Here are some documents that will help me highlight abilities: • The F-Words Agreement – This is a document that represents an informal but serious pact between and whoever relies on for support. • The F-Words Collage – This is a collage that provides a snap shot of my child. I would love to tell you why these pictures are meaningful. Please ask me. • The F-Words Profile – This document can tell you a lot about and favorite things. • The F-Words Goal sheet – These are our goals for school. Please help us try to organize day so we can achieve them. Thank you for taking the time to learn about and what is important to and to our family.	пе	ello everyone,	
As you can see in your documents, is diagnosed with Before I start explaining challenges and needs caused by diagnosis, let me tell you first how wonderful is using my documents! These documents are attached. Let me te you about abilities. At this time I will use a strengths-based approach, applying the 'F-words' for Child Development. These are grounded in the World Health Organization's International Classification of Functioning, Disability and Health (the ICF). The 'F-words' for Child Development are described in a published paper written by CanChild's Drs.
