

# FAMILY ENGAGEMENT FUNDAMENTALS

The Family Engagement Fundamentals is a foundational training opportunity that aims to increase learner knowledge and awareness of family engagement. This three-hour online course is designed to build knowledge and awareness of the fundamental principles of family engagement including:

- what family engagement is and why it is important
- the benefits and challenges of family engagement
- how to set up meaningful and authentic partnerships

## WHAT'S INCLUDED?

The training includes active learning activities and group-based discussions to provide learners with opportunities to apply course content. Additionally, learners are given a range of tools and resources that can be used in their local context.

Overall, the Family Engagement Fundamentals provides learners with a foundation in family engagement and is a springboard to additional FER training opportunities.
