

FAMILY ENGAGEMENT COMMUNITY

The Family Engagement Community is a growing network of families and researchers that have access to a variety of learning, mentoring, and supportive activities on family engagement. The overall community is managed and led by Knowledge Broker, Rachel Martens. Become part of this community by engaging in events, activities, and social media which are offered through the Family Engagement Knowledge Mobilization Program.

KNOWLEDGE MOBILIZATION INITIATIVES

Luke's Legacy Family Research Rounds

Luke's Legacy Family Research Rounds is a monthly online event hosted by the FER Knowledge Broker.

The Rounds offers accessible community-targeted presentations/conversations between trainees, researchers, and family members.
